No.85

INSTITUTION OF SURVEYORS SURVEY ACT LEVY

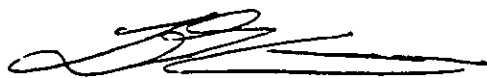

Notice to Lodging Parties No. 84 detailed the administrative arrangements put in place to collect the plan levy provided for under the Survey Act 1992.

The Survey Act provides, at Section 58 that:

'The Institution of Surveyors may charge a levy of an amount approved by the Minister on each plan certified as correct by a licensed surveyor and lodged in the Lands Titles Registration Office.'

The Institution of Surveyors have reviewed the current plan levy collection arrangements and have requested that I relay to you the following changes in procedures. The alterations have been made to clarify which surveys are subject to the levy and to distance this office from any disputes that may arise with lodging parties as a result of the levy.

The Institution of Surveyors has ruled that from 8th March 1993 the plan levy must be paid at time of lodgement on all certified surveys (irrespective of date of commencement or signing of the plan), except for surveys lodged for information purposes.
