

# NOTICE TO LODGING PARTIES

## LAND SERVICES GROUP

Colonel Light Centre  
25 Pirie Street ADELAIDE 5000

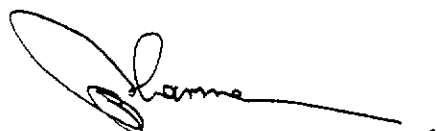

A4 PANEL FORMS

No.95

Further to Notice dated 17 August 1993, documents executed on a B4 panel form up to and including 31 May 1994 will be accepted for lodgement.

Documents executed in B4 format after this date will only be accepted for lodgement when accompanied by a letter of explanation and then only at my discretion.

An image processing system has been acquired to replace the existing microfilming of registered documents. The system will provide an improved service delivery to clients and provide efficiencies within the Office. Details of the system will be the subject of a later bulletin. To facilitate the introduction of the system and the accurate capture of the document identifier, changes will be made to that area of the documents where the series number and document prefix are located. Clients who have their own approved forms will be advised of these changes and State Print will alter their forms when reprints are required.

ALAN J SHARMAN  
REGISTRAR-GENERAL
