No 168

1. **Title Diagrams** – Policy Change
2. **NEC** – Industry Information Sessions

1. Title Diagrams – Policy Change

Please be advised that as of **1 July 2013**, new Certificates of Titles issued as a result of registered land division and easement documents will no longer have a title diagram attached. Certificates of Title that already include a title diagram remain unaffected.

If you require the dimensions of a land parcel, a copy of the plan is available through our PIERS Online or PropertyAssist applications.

The Registrar-General will retain the discretion to create a title diagram if considered appropriate.

2. Industry Information Sessions

Industry Information Sessions were held over March and April 2013 to provide Industry with an update on the National Electronic Conveyancing initiative and release the Registrar-General's Verification of Identity (VOI) policy.

The Information Sessions were a great success with over 250 people attending over the three days.

For our regional clients and those that were unable to attend; one of the sessions was recorded and can be viewed on our [website](#), together with a copy of the presentation.

A copy of the [Verification of Identity policy](#) document has also been published on our website for your information. It is requested that all feedback be sent to <mailto:LSBRProgram@sa.gov.au> by **31 May 2013**.
