## PANEL FORM

### W1 - WITHDRAWAL OF CAVEAT

The information contained in these notes is to be read in conjunction with "GENERAL NOTES RELATING TO PANEL FORMS".

#### NOTES

Instructional notes on the form must be read carefully before attempting to complete the information required in the panels.

#### CAVEAT BEING WITHDRAWN

In the first panel show the registered number of the Caveat being withdrawn.

#### CERTIFICATES OF TITLE

In this panel show the current certificate(s) of title reference(s) of the land from which the Caveat is being withdrawn.

If portion only of the Caveat is being withdrawn, then identify at portion in the customary manner.

In the lower part of this panel insert either "WHOLE" or "PART", depending on whether all the land has been withdrawn from the Caveat or only portion.

#### CAVEATOR

Show the full name, address, and occupation of the Caveator and identify with the Caveat as "formerly of ....." if necessary.

#### OPERATIVE CLAUSE

If the Caveat is being fully withdrawn delete (b). If the Caveat is being partially withdrawn, delete (a).

#### EXECUTION AND PROOF

The form of execution and proof of signature is unaltered with the exception that the full name of the Caveator need not be shown in the execution clause or proof. Merely substitute "Caveator" in lieu of the name in those places.

#### FORMAT 25

Read carefully note 1 on the form.

It is the certifying party's responsibility to ensure that this format is completed correctly.

Should there be more than one Caveat being withdrawn, or more than eight certificates of title affected then list as many as the format provides for, adding

below "and others" to indicate that it is incomplete. L.T.O. staff will provide a form for the additional information.
