- Community Plans
- Strata Plans
- Road Plans
- GRO Plans
- Diagram Book Pages

The format for entering a Plan Number is generally numeric however this is dependent on your selected Plan Type. Some uncommon examples or those that contain alpha characters includes, but are not limited to:

- DR Docket Plan (123/54P3)
- GRO Plan (116/1855)
- Diagram Book Page (V2P10)

Dealing Image Search

The Dealing Image Search can be used to order a copy of a registered dealing. You will need the dealing Number, which is a unique number assigned to each dealing lodged with Land Services SA. The dealing number can be obtained from any of the Register Search, Check Search or Historical Search functions in SAILIS.

Where an image does not exist for a dealing a copy can be ordered through the Miscellaneous Search option in the SAILIS General Search menu.

Title Image Search

The Title Image Search can be used to access a scanned image of a Certificate of Title or Crown Lease with a volume less than 5000. Certificates of Title with a volume greater than 5000 can be searched using the Register Search or Historical Search option in the SAILIS Land Search menu.
