New LTO Fee Calculator

A new LTO Fee Calculator application has been launched, replacing the legacy Online Fees Calculator.

This bespoke web application is mobile browser compatible and aligns with modern requirements. It provides property professionals with a more accurate and efficient means of calculating fees for lodgement of all Division and Non-Division Dealings, Plans, Temporary Withdrawals and Priority Notices with the LTO. Note that additional fees may apply to dealings lodged via Electronic Lodgement Network Operator (ELNO) - please contact your ELNO for these details.

The new calculator is now live at <https://ltofc.dpti.sa.gov.au>, and can be accessed via the [Fees](#) menu on the Land Services SA website. The existing [Property Transfer Fee Calculator](#) remains in place, to assist in the calculation of *ad valorem* stamp duty and registration fees on transfers.

I'd love to hear about your experience with the new LTO Fee Calculator – please use the feedback [form](#) which can be accessed using the tab on the far right of each screen within the LTO Fee Calculator application.

If you'd like to stay up to date with news and information from the Office of the Registrar-General, you can follow us on Twitter [@DPTI_LSG](#) or visit our website <https://dpti.sa.gov.au/land>.
