NOTICE TO LODGING PARTIES

In order to facilitate the sending of notices to the correct address for rating purposes your co-operation is sought.

It is anticipated that in some instances an address other than that of the Transferee as set forth in the Memorandum of Transfer will be desired. Therefore, in those instances only, where a different rating address is required, a notification form (copy attached) is provided for this purpose.

Parties who require a particular address for service of rating notices are requested to use the notification form (which is to be securely attached to the Memorandum of Transfer) for that purpose. Supplies of the notification form are available from this Office.
