

NOTICE TO LODGING PARTIES

No.82

Re: Additional fees for lodgement on a Friday or last working day of a month

Following a meeting between conveyancers' representatives and the Minister of Lands, Cabinet has agreed to change the additional fee for lodging on a Friday or last working day in a month from \$20 per instrument to \$20 per series (i.e. an instrument or two or more instruments lodged at the same time affecting the same land, dealing or matter). The additional fee for Friday and end-of-month lodgements will come into effect with other fee charges on 30th July 1992.

Provision has been made for the additional fee to be waived in circumstances where the intention was to lodge instruments on a particular date but, through no fault of the lodging party, a change in arrangements has occurred necessitating lodgement on a day attracting the additional fee.

The waiver will be granted if the instruments in question are accompanied by an application in the form attached. Where more than one instrument is lodged in a series, the application for waiver must be attached to the first instrument in the series.

The Regulations enable the Registrar-General to require an application for waiver to be supported by a Statutory Declaration. That requirement will not be introduced unless experience demonstrates a need.

Application forms will be available from the Lodgement Counter on the 1st Floor, Colonel Light Centre.

Country clients will be advised of procedures which will apply to postal lodgements in a separate Notice.
