## Description of easement being granted

The description of the easement being granted must:

- Precisely describe the type of easement being created by either the use of the-
  - Short Form as set out in the 5th and 6th Schedules of the *Real Property Act 1886* (RPA) or
  - Long Form and fully describing the easement.
- Include reference to an identifier with a plan number filed or deposited by the Registrar-General or in a Certificate of Title. Where over the whole of a parcel in a title refer to the relevant parcel and plan in the title or where over the whole of the land in a title refer to the title. The TG document must not be lodged for registration unless the plan it refers to has been filed or in the case of a DP, approved or deposited. If the FP is not filed or in the case of a DP, approved or deposited at the time of lodgement of the document the TG document will be referred for correction.
- Describe if over the whole or portion of the land in the title to be subject to the easement e.g. An easement for drainage purposes over the land marked B in FX57143 being portion of the land above described.

## Appurtenance

Where the easement is to be:

- Appurtenant to land, this must be accurately described e.g. Allotment 12 in DP 45678 being portion of the land in CT Volume 5600 Folio 57 or Whole of the land in CT Volume 5000 Folio 37.
- Held "in gross", show the applicable statute where due to the nature of the easement the grantee is entitled to hold an easement in gross e.g. Section 51 of the Petroleum Act 2000.

- \* Show consenting party's full name, including if a company their ACN or ABN, and their address.

Where a servient title is subject to a registered interest (other than a mortgage or encumbrance) over the land the easement is to be granted, satisfactory arrangements may need to be made so the easement is not subject to the interest. For example, if the servient land is subject to a Land Management Agreement and the easement is not to be subject to the Agreement, the Agreement is to be rescinded over the easement by separate documentation, which must precede the TG document.

## Nature of estate or interest held

- \* State the nature of the estate or interest held e.g. Mortgagee or Encumbrancee

## Consent to discharge/extension

The consent form can only be used to adjust a mortgage or encumbrance. Separate documentation will be required if any other type of interest is required to be adjusted.

- \* Where mortgage or encumbrance is being extended over the easement
  - In (2), cross through the inapplicable and insert number of interests being extended and delete (1), if inapplicable.

Where the servient and dominant land share the same numbered mortgage/encumbrance, no consent is required.

Must be dated

## Execution by Consenting Party(s)

If the party executing the consent is a natural person who is signing in his or her own right, he or she must sign their usual signature in the place indicated on the form. A different format must be used where a person is not signing in his or her own right (e.g. he or she is signing as attorney for the consenting party). If the party executing the consent is a body corporate, it may execute in any manner permitted by law.

Pursuant to Section 267 of the *Real Property Act 1886* (RPA), the witness must be aged 18 years or over and must know the party personally or have satisfied him or herself as to their identity. The witness cannot be a party to the instrument. The witness must sign his or her name and print his or her full name, address and business hours telephone number legibly beneath his or her signature.

Pursuant to Section 268 of the RPA, a witness is guilty of an offence if he or she does not know the person executing the instrument personally and has no reasonable ground on which to be satisfied as to the person's identity OR knows or has reasonable grounds for suspecting that the person signing the instrument is not a party to the instrument or does not have the authority to sign on behalf of the party. *Maximum Penalty - \$5,000 or 1 year imprisonment.*

- b. be referred to in the body of the instrument where insufficient space;
- c. be affixed securely and permanently to the top left-hand corner of the instrument. The annexure and instrument must not be bound;

### PLEASE NOTE:

If the title is subject to any prior registered interests (other than a mortgage/encumbrance) e.g. [permissive](#) caveat, land management agreement etc. these will require separate documentation to partial withdrawal, rescind etc.
