

Customer Information Bulletin

15 December 2021 Issue 370

Compliance with Digital Plan Lodgement CAD Standard

On 22 October 2021, a Customer Information Bulletin (CIB-365) was issued reminding industry that from **4 April 2022** all plans able to be lodged through the Electronic Plan lodgement (EPL) System will be required to be lodged as CAD DWG files prepared to the published CAD Standard.

The purpose of this notice is to remind industry that plans currently being prepared, but which may be lodged after 4 April 2022, should be prepared to the CAD Standard to ensure compliance with lodgement requirements.

The CAD Standard and example drawings are published on the DPL page on the Land Services SA (LSSA) [website](#). LSSA is also providing Industry with a suite of CAD Tools to assist in preparing plans to the standard.

If you have any queries re adoption of the CAD Standard, or would like access to the CAD Tools, please e-mail DPL@LandServices.com.au or contact LSSA Customer Services on 8423 5000 (Toll free on 1800 648 176).
