## Updated South Australian Operating Requirements – Version 6.2

---

### South Australian Operating Requirements

Under sections 22 and 25 of the Electronic Conveyancing National Law (SA) Act 2013 (ECNL Act), the Registrar-General has updated Operating Requirements (OR) for South Australia to replace version 6 of that document:

The South Australian OR is based on the Model Operating Requirements (MOR), published by the Australian Registrars' National Electronic Conveyancing Council (ARNECC). Version 6.2 of this regulatory document will come into effect on 16 June 2023.

Version 6.2 of the South Australian OR is a minor release with only one change from Version 6.1 OR. This change relates to OR 5.4.3, which extends the period during which an Electronic Lodgement Network Operator (ELNO) may raise its service fees by no more than the consumer price index (CPI). In OR V6.1, this period expires on 30 June 2023, and is extended to 30 June 2024 in Version 6.2.

This step has been taken as an interim measure to ensure ELNO Service Fees remain capped at the rate of CPI increase during the period in which MOR Version 7 remains under development by ARNECC.
