Model Participation Rules Version 7 Consultation Draft

As you may be aware, significant work has been undertaken to enable a competitive marketplace in relation to electronic conveyancing. This work has focused on interoperability between Electronic Lodgement Network Operators.

To support this work, ARNECC has released the Model Participation Rules (MPR) Version 7 Consultation Draft on the ARNECC website. In response to previous stakeholder feedback, ARNECC has also published explanatory notes outlining the reasoning for making the key proposed amendments.

To enable you to fully consider the proposed changes, both a marked-up and clean version of the Consultation Draft are available via the links below:

- [MPR Consultation Draft Version 7](#)
- [Explanatory Notes to accompany MPR Consultation Draft Version 7](#)

As previously advised, ARNECC has also prepared updates to the Model Operating Requirements, which are available on the ARNECC website and open for consultation until 11 August 2021.

Your review and feedback on MPR Consultation Draft 7 would be appreciated. Consultation closes on **Monday, 6 September 2021** and feedback should be sent by email to chair@arnecc.gov.au.

In order to meet the timeframe to enable the first interoperable electronic conveyancing transaction, please be advised that no extension to this initial consultation period will be provided.

Thank you for your continued interest and support to further enhance the effective regulation of the electronic conveyancing environment.
