ePlanning system end of year updates

South Australia's online planning and development portal known as the ePlanning system (which includes the South Australian Property and Planning Atlas (SAPPA)) will be subject to an end of year system update freeze with:

- the last release of 2022 scheduled for **Thursday 8th Dec '22**; and
- releases resuming for the new year (2023), on **Thursday 19th Jan '23**

For the property industry this will mean there will be an additional time for sub divided parcels to be available in the ePlanning system. The information in Section 7 Statements (Form 1) and the accessibility of titles for development applications will also be impacted by the delay.

Should you have any questions on this, please contact the PlanSA service desk on 1800 752 664 or email plansa@sa.gov.au.
